### 19. Warranties

The Company warrants that it has exercised and will exercise all reasonable skill and care in:

(a) the design of the Work insofar as the Company has designed or will design the Work.

(b) the selection of goods and materials insofar as the Company has selected or will select the said goods and materials.

Until such time as the Customer becomes the owner of the goods in accordance with the provisions of this clause, the Customer shall store such goods separately from its own goods or those of any other person or persons in such a manner as makes them readily identifiable as the Company's goods. The Customer's right to possession of the goods shall cease upon the occurrence of any of the events referred to in clause 20 hereof and the Company may thereupon enter upon any premises where the goods are stored or where they are reasonably thought to be stored for the purpose of repossessing the goods.

### 22. Legal Construction

Unless otherwise agreed by the Company in writing, these conditions shall in all respects be construed and operate as an English Contract, in conformity with the English Law.

## Care Handling Instructions

To ensure your products remain in the best condition throughout their lifespan, please handle them with care and follow the recommendations below.

### Heating & Chilling Your Products

Dalebrook products are intended for use in food serving and presentation where temperatures remain constant over a given period of time. We recommend that products are not subjected to dramatic changes in temperature (e.g. directly from the refrigerator to the dishwasher or into hot water).

Our products can withstand food temperatures up to 120°C where the hot food is placed directly into the dish.

They are not recommended for use under direct heat or in cookware such as a bain marie or a chafing dish.

Not for oven or microwave use.

### Cleaning Your Products

We recommend hand washing your products to ensure they remain in the best condition throughout their lifespan.

To keep your products looking great, clean them with non-abrasive plastic pads or plastic bristles.

The majority of Dalebrook products are dishwasher safe, however it is important to avoid the use of harsh chemicals, chlorine based detergents or bleach.

Where stubborn food persists, pre-soak your product in warm water and a high-quality pre-soak detergent.

## Why Choose Dalebrook?

Each product is inspected, examined and tested in a number of different quality checks confirming that they not only meet but go high above European Food Safety Standards.
